The Bob Krieg Story

It all started in San Francisco the year was 1946. I lived with my Grand-Ma at 24th. and Harrison, our living room over looked the drive way to the garage. My father had just came home from the war, pulling up the drive way in a 1933 Plymouth -coup. I looked out the living room window and got aerial view of the 33 Plymouth, at that moment the disease took hold of me, All could think of was automobiles. All I wanted to do is be in or around them, I used to stand on the seat in the car (any car) behind the steering wheel pretending I was driving for hours! I could name most cars on sight.

It was when I was in my teens, one morning I went to visit my friend Ron Harris, I had just turned the corner when I saw a 1936 Ford -coup, that's when the disease took hold ,the symptoms for the disease are; a need to buy all the cars you can or can't afford; stock pile all the car parts you can, think cars and how to fix them 24 hrs. a day!

As for the 36 hump back, that we now own ,the time and money was right to buy it. The Ford is in the same condition as I saw it as a teenager.

P.S. By the way the Disease I speak of ,won't kill you.it will keep you YOUNG.

April Tour in the Amador Wine Country

The tour leaders on April 21st were John and Carol Asmus, who met Dave & Lorraine Petersen, Bev and Jean Davis, Russ Broyles, and Jim & Barbara Foskett on Hwy 49, then followed the scenic creek road from Sutter Creek to Volcano.

Lunch was waiting for us at the quaint Union Inn, always a favorite stop with this group. Dave's beautiful Mercury had a bit of vapor lock trying to climb the steep hill out of Volcano, but John and his trusty little red truck came to his rescue, got him turned around and gave Lorraine a ride to the top of the hill.

We then wound our way through the woodsy back roads to Sobon Estates and enjoyed the cool of their interesting early 18th/19th century home and farm museum. Of course, we had to stop at Driven Cellars and its fine collection of very old trucks, where Jim Foskett discovered he knew the owner Rudy from years ago. Our last stop was Charles Spinetta Winery, well known for their wildlife artwork which also adorns their labels. Lorraine

purchased some of their vinegars and being that it was hot and we had our fill of wines, we headed home. A beautiful day made the ride and friendly company even more enjoyable.

RG #4 Participates in the 1st Classic Car Display held at the American River Care Center in Carmichael, CA

Mike Dadisman former RG#4 member and continuing supporter of our club activities (he still shows his 1936 Fordor Deluxe Touring Sedan) realized an opportunity for classic car collectors to brighten the day for residents at this skilled nursing and rehabilitation facility if they were able to get out and see some beautiful cars that may remind them of days gone by. Why not in the facility parking lot?

Mike had been visiting the Care Center for many weeks where his wife was undergoing extensive rehabilitation treatment. The Care Center Activities Director enthusiastically supported the idea of a car display with free food and drinks for those who bring cars to display.

The event was held on Sunday April 21st from 12:30 to 4:00 p.m. Nearly twenty pre 1970 cars from RG #4 and the Sierra Mustang Club were eagerly examined by residents in wheel chairs and walkers. The day was sunny and warm with congenial visiting under the shade trees. Daryl Spiker, Russ Broyles, Dan and Gerry Schwartz, Alma and Gary Thompson and Bev and Jean Davis brought cars to the display.
